

NO PEACE FOR ICE AGENTS!

PROTEST AND BLOCK PARTY

IT'S TIME TO TURN UP THE HEAT ON ICE. THE KIDNAPPERS HAVE NAMES AND ADDRESSES. LET'S TAKE THE FIGHT TO THEM. BRING YOUR NOISE. BRING YOUR ANGER.

DEPORTATION OFFICER RITA SORAGHAN LIVES IN SOUTHEAST PORTLAND. SHE KIDNAPS AND DISAPPEARS OUR NEIGHBORS. WE WILL RALLY OUTSIDE HER HOME UNTIL THE MESSAGE IS CLEAR: ICE IS NOT WELCOME HERE! RITA IS NOT WELCOME HERE! LEAVE OUR CITY!

MASKS REQUIRED. BRING A FRIEND. GET LOUD.

WHEN: Friday, 1/16 at 6pm

WHERE: 5103 SE 67th Avenue

We will gather on the West sidewalk of 67th avenue between SE Mitchell and SE Raymond, one block from Arleta elementary school. More information on back.

WHERE (Continued): It's a good idea to plan your route without your phone so you can leave it at home during the protest. Bus lines 10 and 14 are both good options (from the 10 get off at Harold & 67th and walk North three blocks, from the 14 get off on Foster & 67th and walk South three blocks). The location is close to Mt. Scott community center as well (you can walk West on Harold until you reach 67th, then turn right and walk North for three blocks). Come with a buddy or a group and make a plan together.

After ICE agents murdered Renee Nicole Good in Minneapolis and CBP shot two people here in Portland, it became clear that we cannot afford to sit back and wait for change, WE NEED TO MAKE IT. It is not enough to march in circles and listen to hours of speeches filled with empty promises and personal advertisements. Standing outside the ICE facility is not working. It's time to take the battle to the actual people responsible for kidnapping, disappearing, and killing our neighbors. This is just the start!

Bring signs, banners, costumes, noisemakers, snacks, drinks, and friends. Come with your anger, sadness, love, and rage and make a stand together: ICE out of Portland! ICE out of everywhere!

Wait, who's organizing this event?

This event is being put together by a group of activists from various different backgrounds and political beliefs who want ICE out of our communities for good. We are not claiming this event under any banner or name because, quite simply, we have no interest in promoting ourselves or any organization. This event is for everyone and belongs to everyone!

I'm against ICE, but isn't going to their homes a step too far?

We believe that so long as ICE terrorizes our neighbors, kidnaps our friends, and kills with impunity, ICE agents should not be allowed to live in peace. ICE's actions are made possible by the soulless ghouls who choose to put on their uniform every day. They hide their identities to escape accountability. If Rita wants peace, she can quit her job and leave our city.

Is this event going to be peaceful?

We want this to be a loud, disruptive, and joyous event. However, we will not be spending our energy trying to control the way others protest, and we ask that you do the same. Instead, we will work together to keep each other safe from the real violent agitators: the Portland Police and DHS.

Why does this say "masks required"?

We are asking that people wear masks for two reasons: First, with flu and COVID floating around, we ask that people wear a mask to keep each other safe and make this event accessible to everyone, including folks who are immunocompromised. Second, police and fascists will use your face to identify and harass you for exercising your right to protest. It's always a good idea to cover your face at any protest. It's not that we don't want to see your handsome mugs, we just want everyone to be as safe as possible!

Should I come live-stream or take photos?

We are asking that folks refrain from live-streaming and taking photos and videos of other people at this event. No matter your intention, your photo or video could be used to send someone to prison. Not everyone wants to be on camera, and we ask that you respect this.
