

CAMOVER PORTLAND

2026 Summer Games

Camover is here in Portland! For the months of July and August, we challenge you to join us in a game of revelry and destruction against the surveillance state!

Camover is a simple game with a simple objective: destroy, disable, and dismantle as many cameras as possible!

Camover is a chance to make a real dent in the surveillance network. Not only by destroying the eyes of the state, but also by showing that action and subversion is alive in the heart of the metropolis.

Anyone can play, and everyone wins! What are you waiting for?
